Type of Interview: In-Person

Date of Interview: July 24, 2001

On July 24, 2001, the WITNESS was interviewed at his residence by Nonresponsive based on revised scope of Tri-State Enterprise. The WITNESS was interviewed as part of the potentially responsible party search currently being conducted under Work Assignment No. ES-002 involving the Lower Darby Creek Area, Delaware County, PA (the "Site"). This interview focused on the Clearview Landfill (Clearview). The WITNESS was provided with a copy of the letter of introduction, advised of the nature of the questions to be asked, and advised that the interview was voluntary. The WITNESS advised that he is not represented by an attorney in this matter and did not want an attorney. No other persons were present and this interview was not tape-recorded.

During the course of this interview, the WITNESS responded to questions based on guidelines provided by the United States Environmental Protection Agency for private citizens.

The WITNESS was shown a map of the Site and this map was used throughout the interview.

The WITNESS was asked to explain his association with the Site.

The WITNESS stated that he has lived at his current residence for more that 30 years and was involved with a group of concerned citizens in the early 1980s. The WITNESS explained that Clearview was officially closed in the mid to late 1970s. However, the Landfill continued to accept waste after it was closed. He indicated that he and a group of neighbors attempted to force the local government to stop the illegal disposal of waste at Clearview. The WITNESS stated that in the mid 1980s he was told by officials from the Pennsylvania Department of Environmental resources that Clearview was not a threat to his neighborhood. The WITNESS stated that he stopped participating with this group when he was assured that the waste at Clearview would not effect his residence.

The interviewer advised the WITNESS that he had received information that the WITNESS had been to Clearview on numerous occasions in the early 1980s and had taken numerous photographs of waste and drums visible at Clearview. The WITNESS stated that he recalls visiting the Clearviw Landfill on a "few" occasions. He stated that he took a few photographs. The WITNESS stated that he no longer has these photographs and indicated that he threw the photographs away.

When asked to describe the types of waste he observed at Clearview and if he had observed any markings on the drums, the WITNESS stated that he could not recall the types of waste and does not recall observing any drums on Clearview.

When asked if he had observed any trucks disposing of waste on Clearview, the WITNESS stated that he had observed some trucks disposing of waste on Clearview, however he could not recall if there were any markings or names on the trucks.

When asked if he knew the names of individuals that worked on Clearview or the names of any truck drivers that transported waste to Clearview, the WITNESS stated no.

The WITNESS stated that since he learned that the problems with Clearview would not have any impact on the value of his home, he ceased being concerned and advised that he could not be of any further help.

"I declare under penalty of perjury that the foregoing is true and correct."
